Dear Altman,

Welcome to AEE! We are pleased to welcome you as an individual member of the association and we appreciate your interest in exploring and organizing a group of experiential education programs in Israel. AEE's members represent over 30 countries and you are the first to explore extending AEE's outreach into Israel.

The Association for Experiential Education (AEE) is a nonprofit, professional membership association dedicated to experiential education and the educators, practitioners and trainers who utilize its philosophy. We strive to:

- Connect educators in practical ways so that they have access to the growing body of knowledge that fuels their growth and development
- Publish and provide access to relevant research, publications and resources
- Raise the quality and performance of experiential programs through our accreditation program
- Increase recognition of experiential education worldwide

Our vision is to contribute to making a more just and compassionate world by transforming education. We are committed to supporting professional development, theoretical advancement and the evaluation of experiential education worldwide.

We support your work to promote AEE's mission and vision among Israel's community of experiential educators, practitioners and trainers. We look forward to working with you!

Sincerely,

Patricia Hammond, CEO

ASSOCIATION FOR EXPERIENTIAL EDUCATION

"Tell me and I will forget; show me and I may remember; involve me and I will understand."
